The university facilities management personnel are responsible for repairing the campus facilities. This includes defective doors and locking mechanisms. In addition, exterior lighting is an important part of the university’s commitment to campus safety. All members of the campus community are encouraged to report any known problems or hazards to the VP for Student Development. Prompt reporting enhances campus safety for all concerned.

Safety Programs
The university does not require students or employees to undergo any specific security or crime prevention program. However, the University strongly encourages the campus community to look out for themselves and one another, to be aware of their responsibility for their own security and the security of others. The University does allow victims or witnesses to report crimes on a voluntary confidential basis. The report of criminal activity may be anonymous and the person may request confidentiality. The information will be included in the disclosure of crime statistics if it is found to be reliable information.

**Section V: Reportable Offenses**

The safety and security of all members and guests of the campus community are of primary concern to Oklahoma Wesleyan University.
Section VII:
Policies and Programs Concerning Alcohol and Drugs

The University has adopted a “Zero-Tolerance” policy regarding the use, sale, possession and/or distribution of illegal drugs and alcohol. Al-Anon 1-800-356-9996 American Council on Alcoholism 1-800-527-5344
National Council on Alcoholism 1-800 NCA-Call (622-2255)
National Institute on Drug Abuse Hotline 1-800-662-HELP (1-800-662-4357)
National Institute on Drug Abuse Helpline 1-800-843-4971

These various agencies can provide guidance and assistance in identifying a counseling, treatment, or rehabilitation program that meets individual needs. For additional assistance in locating a treatment facility contact the office of the VP for Student Development.

Health Risks of Alcohol and Other Drugs
Health risks of using alcohol or other drugs include both physical and psychological effects. The health consequences of drugs depend on the frequency, duration, and the intensity of use. For all drugs, there is a risk of overdoes. Overdose can result in coma, convulsions, psychosis, or death. Combinations of certain drugs, such as alcohol and barbiturates, can be lethal. The purity and strength of doses of illegal drugs are uncertain.
Continued use of substances can lead to tolerance (requiring more and more of a drug to get the same effect), dependence (physical or psychological need), or withdrawal (a painful, difficult and dangerous symptom when stopping the use of drugs). Long-term chronic use of drugs can lead to malnutrition, organic damage to the body, and psychological problems.
The risk of AIDS and other diseases increases if drugs are injected. The consumption of alcohol or drugs by pregnant women may cause abnormalities (such as Fetal Alcohol Syndrome, the third leading cause of birth defects) in babies.

Oklahoma Wesleyan University performed a biennial review of its Zero Tolerance approach to Drug and Alcohol during the 2012 and 2014 Calendar Year. This review had two objectives:

1. To determine the effectiveness of, and to implement any needed changes to the zero tolerance approach to drug and alcohol;
2. To ensure that the disciplinary sanctions for violating standards of conduct are enforced consistently.

Section VIII: Sexual Assault Policy and Prevention

Oklahoma Wesleyan University is committed to creating and maintaining an educational environment where respect for the individual and human dignity is of paramount importance. The University does not tolerate sexual assault in any form.

**Definition of Sexual Assault**

The definition of “sexual assault” includes, but is not limited to, rape, forced sodomy, forced oral copulation, rape by a foreign object, sexual battery, or threat of sexual assault. “Force” includes any sexual activity that occurs when the other person is incapable of giving consent due to temporary or permanent mental or physical incapacity, youth or the effects of drugs or alcohol.

**Facts about Sexual Assaults**

Sexual assault can happen anywhere. In fact, according to the U.S. Department of Justice:

- A rape occurs every 2 minutes in America.
- One of every 4 rapes takes place in a public area or in a parking garage.
- 68% of rapes occur between the hours of 6 p.m. and 6 a.m.
- In 47% of rapes, the victim sustained injuries other than rape injuries.
- 75% of female rape victims require medical care after the attack.

**Reporting a Sexual Assault**

- In the event of a sexual assault, DIAL 9-1-1.
- While reporting the sexual assault to your local police, request medical treatment also.
• If the incident occurred at an Oklahoma Wesleyan University location, the victim is also encouraged to report the assault to the Student Development Office.

**Preservation of Evidence of Sexual Assault**
After a sexual assault, it is very important that the victim receive a medical examination. Trained medical personnel will conduct a physical exam of the victim, but only if the victim gives permission.

Keep in mind that although sexual assault is a criminal offense, police do not collect evidence of a personal nature from the victim's body.

Preserving the evidence from the assault is important. Even if the victim does not wish to file a prompt police report or is certain he or she will not prosecute, evidence should be preserved so the victim has the opportunity to change his or her mind.

The following list of instructions is offered regarding the preservation of evidence:
• Do not change clothes until you have received medical attention. If the clothes are changed, those worn during the assault should be placed in a paper bag and taken along to the examination.
• Do not touch anything the suspect may have touched.
• Do not bathe (or shower) until you have received medical attention.
• While waiting for medical and law enforcement assistance, try to make mental notes of the incident.

**Surviving Sexual Assault**
The survivor of a sexual assault is urged to seek counseling shortly after the sexual assault has occurred.

Victims of sexual assault may receive FREE CONFIDENTIAL 24 HOUR counseling by calling RAINN (Rape Abuse Incest National Network) HOTLINE NUMBER 1-800-656-HOPE (4673) extension 1.

Trained counselors are available at the aforementioned numbers **24 hours a day, 7 days a week.**

RAINN can also be reached through e-mail, at RAINNmail@aol.com. However, crisis counseling is not available through e-mail. The e-mail address is intended solely for questions or comments. You can also visit the RAINN Web site at http://www.rainn.org

The Student Development office will provide additional referral resources within a 50-miles radius of the OKWU campus.

**Sanctions the University May Impose Following a Final Institutional Disciplinary Determination of Rape, Acquaintance Rape, or Other Sex Offense**
Sexual Assaults violate the standards of conduct of every member in the University community. Sexual assault is a criminal act, which subjects the perpetrator to criminal and civil penalties under state and federal law. In all cases, the University will abide by and cooperate with local, state and federal sanctions. University disciplinary action may include suspension or expulsion depending on the seriousness of the situation.
Change Academic Situation
The institution will change a victim's academic and/or housing situation after a sex offense or alleged sex offense if those changes are requested by the victim and are reasonably available.

Procedures for Campus Disciplinary Action in Cases of an Alleged Sex Offense
Both the accuser and the accused must be informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense.

Missing Student Policy & Procedures
Oklahoma Wesleyan University is very concerned about the safety and well-being of all its students. To this end, the following policy and procedure has been developed to assist in the determination if a student is missing.

1. Most missing person reports in the college environment are a result of a student changing his/her routine without informing friends or relatives of the change. Anyone who believes a student to be missing should report their concern to Campus Security, Residence Life or Student Development. All reports will be followed up with an immediate investigation once a student has been missing for 24 hours. Depending on the circumstances presented to University officials, parents of a missing student will be notified. In the event that parental notification is necessary, the Vice President of Student Development will place the call.

2. At the beginning of each academic year, students will be asked to provide emergency contact information in the event he/she is reported missing while enrolled at Oklahoma Wesleyan University. This emergency information will be kept in the Office of Student Development and will be updated on an annual basis through the Enrollment/Validation Process. The University will notify parents of students who are under the age of 18.

3. The Oklahoma Wesleyan University official or office receiving the report will document the following information:
   a. The name and relationship of the person making the report.
   b. The date, time and location the missing student was last seen.
   c. Background information as to routine, off campus friends, job, recent changes in family life and/or changes in behavior.
   d. The missing student’s contact information.

General Procedure

4. The Oklahoma Wesleyan University official receiving the report will contact the Vice President of Student Development in order to update them on the situation and to receive additional consultation.

5. Upon notification that a student may be missing. Oklahoma Wesleyan University may use any or all of the following resources to assist in locating the student.
   a. Go to the student’s place of residence.
   b. Talk to the student’s R.A., roommate and/or housemates to see if anyone can confirm the missing student’s whereabouts and/or confirm the date, time, and location the student was last seen.
   c. Secure a current student photo.
   d. Call and text the student’s cell phone and call any other numbers on record.
   e. Send the student an email.

Fire Evacuation Procedure
When a fire alarm sounds:
1. Close room window.
2. Stay low to the ground and calmly proceed to the nearest exit.
3. Move to a safe distance away from the evacuated building (preferable directly to the designated meeting spot).

If your door is hot, you are probably trapped. Do not open the door. Instead, follow this procedure:
· Seal up the cracks around the door using cloth articles. This helps seal a barrier against heat and smoke.
· Hang a sheet out the window to signal rescuers.
· Open the windows slightly at the top and bottom to let fresh air in and smoke out of the room.
· Wait to be rescued.

If you must move through a smoke-filled area, move quickly in a crouching position. Heat and smoke rise, and dangerous gases settle near the floor.

Fire Safety Equipment
Fire safety equipment (fire alarms, extinguishers, exit lights, and detectors) is located in strategic areas of the halls. Use this equipment only for emergencies. Tampering with fire equipment or ringing a false alarm violates local and state laws. Individuals misusing fire extinguishers will be subject to a $300 fine and disciplinary action.

Individuals who trigger a fire alarm as a result of an irresponsible act will be subject to a $300 fine, University disciplinary action, and possible civil action. Individuals failing to properly evacuate the residence hall in a timely manner during a fire alarm will be subject to a $300 fine. Intentionally setting fires in the residence halls, the corresponding rooms, hallways, bathrooms, on doors, etc. is considered dangerous and illegal. University discipline for such may include suspension or dismissal and/or civil action.

Fireworks
Homemade and commercial incendiary devices, such as fireworks and bottle bombs, are a serious threat to personal and campus safety. The possession or use of such devices on
campus is not permitted. Violations will be subject to significant disciplinary action ranging from fines, community service, probation, suspension or dismissal, and possible civil action.
