

Support for Students with Disabilities

Oklahoma Wesleyan University desires to give all students eligible for admission and enrollment the opportunity to succeed. Assistance is usually provided through the Student Academic Center. All prospective or current students are encouraged to contact and utilize the services provided through the center for their success.

Admissions decisions are made without regard to disabilities. All prospective students are expected to present academic credentials that meet or exceed the minimum requirements for admissions.

Prospective students with disabilities are not required to identify themselves to the Admissions Office. However, those interested in receiving academic accommodations are encouraged to meet with or contact the VP for Student Life as early as possible to allow for a review of documentation and the formulation of an accommodation plan.

This policy is for institutional purposes only. It cannot be used for athletic participation, representation of the university as its acknowledged representative (when required), or for financial aid purposes. Athletic and financial aid guidelines and laws differ and are generally stricter than university policies in some areas.

Most buildings on the OKWU campus are accessible to students with physical disabilities by ramps, elevators, and wheelchair friendly restrooms.
